PRECISED FLOORING

to ensure

**STRAIGHT & HIGH
RACKING SYSTEM**

MINITECH TWO DECADES OF FLOORING EXPERIENCE FOR A STABLE & STRONG INFRASTRUCTURE

1998

That was the year when MINITECH commenced its operations by offering flooring solutions for warehouses and godowns using Tremix (VDF) and soon we emerged as a full-spectrum industrial flooring solutions provider.

QUALITY

IS THE MAIN INGREDIENT

Minitech is trusted nationwide today solely because of a no compromise attitude. The bedrock of our establishment is our deep, unwavering commitment to "superlative quality, perfection and promptness". Be it the ingredients, people or the equipment, Minitech offers nothing but the best.

SERVICE

THAT IS CUSTOMER-FRIENDLY

Our responsive and client-friendly approach ensures complete support to clients at every stage of the project from design to planning and execution to final delivery. We offer turnkey solutions when it comes to industrial flooring.

LARGEST

Laser screed machine in South India

MINITECH proudly owns

SOMERO BOOM LASER SCREED S-10A

It covers largest floor area in a day 18000 Sq.mt with more precision & with a smaller number of joints (copper head does only 6000 sq.mt and VDF does only 3000 sq.mt)

ADHERING TO
FM/DIN
STANDARDS

SOMERO COPPERHEAD XD-3.0

SOMERO BOOM LASER SCREED S-10A
